## Probation Supervision through PO Check

### PO CHECK OVERVIEW

PO Check is a computer-based report-in system through which you will report monthly to your assigned Probation Officer to update your progress on your probation terms.

You are to provide answers to all questions and report any status changes as directed.

Failure to report in as requested and/or provide accurate and truthful information will be a violation of your conditions and could result in a violation being filed with the Court.

### ACCOUNT MUST BE ACTIVATED BEFORE IT CAN BE USED

When you meet with your assigned Probation Officer you will be given a letter with instructions on how to activate your account, using either credit or debit card.

The account must be activated within 3 days of receipt of the letter.

### COST

PO Check requires a \$6.99 monthly fee which is in lieu of the typical \$30.00 monthly probation supervision fee.

The PO Check fee must be paid in order for your account to be activated through the registration process.

Ada County Juvenile Court cannot accept payment for the PO Check fee. The fee must be paid directly to PO Check.
