

This unique event, coordinated by Ada County Juvenile Court Services (ACJCS), The Idaho Bass Federation and Idaho B.A.S.S. Federation Nation, teams pre-selected youth currently on juvenile probation with competitive bass fishermen for a day of fun on the water. Tournament fishermen and volunteers are perfect role models for troubled kids who are searching for someone to show them a better way to approach life's challenges. Ada County employees and community volunteers also provide a wide range of support, from a tasty BBQ to personalized awards for each youth that participates in the tournament.

Scales
of Justice

Bass
Tournament

Since 2004, the "Scales of Justice" fishing event has been an exciting, positive and pro-social activity for kids who struggle to keep their lives on the straight and narrow. The success of this life-changing program is dependent on *Bass Boaters, community volunteers, ACJCS employees and sponsorships*. Volunteers for this event come from virtually every walk of life. So bring your boat and passion for fishing/volunteering; spend the day giving juveniles a day filled with fishing, fun, inspiration and a possible change of perspective. If you do not wish to boat, cash contributions are also needed to purchase fishing poles, tackle, tackle boxes, and other items for our 30-40 expected participants. In-kind contributions including cash/debit cards, food, and drinks are also greatly appreciated. Contact us today to help make a difference in the life of juvenile!
