

ADA COUNTY MOSQUITO ABATEMENT NO TREATMENT REQUEST FORM

This form is a no-spray request for mosquito applications only.
Weed control herbicide applications are **not** covered under this request.

This application and the sample control plan that follows is provided in accordance with Idaho Code §39-2804(10). All landowners seeking to opt-out of the Ada County Mosquito Abatement District's Integrated Management Plan must provide a written mosquito control plan that details the alternative control methods they intend to deploy on their property. Please be sure to follow the instructions for this process carefully.

This form requests a no fog treatment for the landowners property only and is still subject for mosquito breeding source inspections.

INSTRUCTIONS:

1. Fill in all appropriate blanks on the request form.
2. Attach the abatement plan for the affected properties using the sample plans as a guideline. Please address all items in the sample plan.
3. Submit signed copies of all forms and agreements by mail, fax, or e-mail PDF to:

Ada County Weed, Pest and Mosquito Abatement (or) Fax: 208-577-4631
975 E. Pine Ave. e-mail: weedandpest@adaweb.net
Meridian, ID 83642

Sample Mosquito Control Plan

AVERAGE URBAN YARD

Please provide description of land: Residential home on less than 2 acres with sprinkler and drip irrigation, birdbath and a water fountain. **(example only)**

I/We Will Use the Following Mosquito Controls:

1. Mosquito source reduction
 - a. I/we will schedule irrigation to prevent standing water in yard and will allow ground to dry adequately between watering.
 - b. I/we will walk property and remove vessels (buckets, toys, etc) that collect water.
 - c. I/we will maintain constant agitation and flow through water fountain to prevent standing water.
 - d. I/we will change water in bird bath at least every three to four days
 - e. I/we will change water for pets in outdoor bowls daily.
 - f. I/we will clean gutters.
 - g. I/we will check and drain uncovered boats.
 - h. I/we will check and maintain swimming pools, ponds, hot tubs, and underground trampolines
 - i. I/we will maintain ditches for constant flow and reduce vegetation to prevent mosquito breeding habitat.

2. Personal protection
 - a. I/we will inspect window screens and repair or replace screens with holes.
 - b. I/we can wear long sleeves and long pants and/or use mosquito repellants when active in yard at dawn and dusk.

3. Mosquito predation
 - a. I/we will make a special effort to provide and maintain habitat for wildlife (birds, bats, frogs) that eat mosquitoes and mosquito larvae.
