Statement of Understanding

I understand that the Ada County Paramedics VitalRide Ambulance Membership program benefits me, my spouse and anyone who can be claimed on my tax return.

I understand my member benefits take effect 48 hours after my payment and complete enrollment form are received by Ada County Paramedics.

I understand the VitalRide Ambulance Membership is not insurance but is in addition to any insurance or medical benefits I have.

I understand VitalRide applies only to 9-1-1 emergency medical services and my membership does not cover non-emergency transfer services.

WHY YOU NEED A MEMBERSHIP

- Ambulance rides can cost as much as \$1,500 due to rising costs in medical equipment and care.
- 1 in 18 Ada County residents had an unexpected emergency last year. The scary reality is, this could be you or a loved one.
- As a VitalRide member, you'll never pay more than \$100 for ambulance transportation* and most of our members pay nothing!
- Membership covers your entire family. **

HOW IT WORKS

Insurance providers often expect you to pay a large portion of your ambulance bill. The VitalRide membership acts as an additional benefit to your existing insurance. Here's how it works:

Choose your VitalRide membership level.

Fill out the enrollment form and submit it with your payment.

When you have an unexpected emergency requiring ambulance service, dial 9-1-1.

We bill your insurance directly and you never pay more than \$100 out of pocket.*

*Once your insurance pays \$100 towards your bill, we waive the remaining balance. If you do not have insurance, Ada County Paramedics will bill you no more than \$100.

**Memberships cover you, your spouse and anyone who can be claimed on your tax return.

Please send your completed form and payment to:

Ada County Paramedics
370 Benjamin Lane
