

# SLFRF Compliance Report - SLT-4569-P&E Report-Q1 2022

## Report Period : Quarter 1 2022 (January-March)

---

### Recipient Profile

#### Recipient Information

Recipient UEI	HBJJYUP8KXG5
Recipient TIN	826000277
Recipient Legal Entity Name	Ada County, Idaho
Recipient Type	
FAIN	
CFDA No./Assistance Listing	
Recipient Address	200 W. Front St.
Recipient Address 2	
Recipient Address 3	
Recipient City	Boise
Recipient State/Territory	ID
Recipient Zip5	83702
Recipient Zip+4	
Recipient Reporting Tier	Tier 1. States, U.S. territories, metropolitan cities and counties with a population that exceeds 250,000 residents
Discrepancies Explanation	UEI: HBJJYUP8KXG5
Is the Recipient Registered in SAM.Gov?	Yes

# Project Overview

## Project Name: Ada County Grant Administration

Project Identification Number	003
Project Expenditure Category	7-Administrative
Project Expenditure Subcategory	7.1-Administrative Expenses
Status To Completion	Completed less than 50%
Adopted Budget	\$779,213.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$779,213.00
Total Cumulative Expenditures	\$34,757.64
Current Period Obligations	\$26,202.35
Current Period Expenditures	\$26,202.35
Project Description	Administer the life cycle of the ARPA funding during the performance period from June 2021 through December 31, 2026, including proposals, review, resolution, award, compliance reporting, and implementation through closeout. Two grant specialist positions are fully funded under the grant with a grant administrator position funded by Ada County to oversee the ARPA and ERA grants.

## Project Name: Ada County Operations PP

Project Identification Number	37
Project Expenditure Category	4-Premium Pay
Project Expenditure Subcategory	4.1-Public Sector Employees
Status To Completion	Not Started
Adopted Budget	\$493,309.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$493,309.00
Total Cumulative Expenditures	\$0.00
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
Project Description	The Operations Department is critically impacted during COVID19 response in ensuring that all county facilities, including critical 24/7 facilities such as the Coroner's Office Sheriff's Office, Juvenile Detention, and EMS, remain operational. The Operations Department Staff does not telework but instead has regular in-person interactions with the public and coworkers and/or handles items that were handled by others. COVID19 mitigation and exposure response efforts have increased unique demands on staff and

	increased direct exposures and hazards as related to COVID19.

**Project Name: Expo Idaho Roof Replacement**

Project Identification Number	20
Project Expenditure Category	2-Negative Economic Impacts
Project Expenditure Subcategory	2.35-Aid to Tourism Travel or Hospitality
Status To Completion	Not Started
Adopted Budget	\$2,935,682.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$2,935,682.00
Total Cumulative Expenditures	\$0.00
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
Project Description	Expo Idaho is utilized by a wide variety of vendors for a wide variety of purposes and saw significant revenue loss during the pandemic. It is also used as a venue for weddings and other community gatherings. People come to Expo Idaho from the surrounding states depending on whether it is for a car show, the Western Idaho Fair, a music show, etc. Two of the main facilities utilized are the Expo Building and the neighboring Turf Club Building. The roofs are currently leaking which in turn is limiting the use and causing damage to the facilities. The leaks are significantly impeding facility usage for tourism, travel, and hospitality in the Treasure Valley. During the pandemic, the space could not be used for its traditional functions. Instead, buildings were utilized to provide court services that could function around the leaks and puddling water. To get the facility to be fully operational and hold the maximum number of events, the roofs need to be replaced and are at the end of life and warranties. Roof replacements were directly delayed due to the Covid-19 pandemic and related income reduction.
What is the Total expected capital expenditure, including pre-development costs, if applicable	\$2,935,682.00
Type of capital expenditures, based on the following enumerated uses	Improvements to existing facilities

**Project Name: Ada County Parks: Barber Park Trail Enhancement**

Project Identification Number	39
Project Expenditure Category	2-Negative Economic Impacts
Project Expenditure Subcategory	2.35-Aid to Tourism Travel or Hospitality
Status To Completion	Not Started
Adopted Budget	\$650,000.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00

Total Cumulative Obligations	\$650,000.00
Total Cumulative Expenditures	\$0.00
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
Project Description	Current pedestrian and bicycle forest loop “pathway” contains two bridges for crossing a seasonal side channel of the Boise River but the bridges do not contain any safety railings nor ADA compatible decking and are beyond repair/refurbishment. The entire loop and associated features are currently a safety concern for the hundreds of thousands of annual visitors to Barber Park. The COVID-19 pandemic created a significant increase to park visitation given that outdoor public recreation and park areas have become refuges for those seeking safer havens for emotional and physical health activities free from indoor virus spreading venues.
What is the Total expected capital expenditure, including pre-development costs, if applicable	\$650,000.00
Type of capital expenditures, based on the following enumerated uses	Parks, green spaces, recreational facilities, sidewalks

**Project Name: Ada County Parks: Greenbelt Flood & Erosion Control**

Project Identification Number	30
Project Expenditure Category	5-Infrastructure
Project Expenditure Subcategory	5.6-Clean Water: Stormwater
Status To Completion	Not Started
Adopted Budget	\$3,000,000.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$3,000,000.00
Total Cumulative Expenditures	\$0.00
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
Project Description	The current 1.64 mile segment managed by Ada County via 5 separate deeds of easement for construction, operation, and maintenance on the south side of the Boise River between Garden City’s western boundary and Boise City’s wastewater treatment facility property is in a state of disrepair as a result of damages that occurred during the 2017 flood fight. Response to COVID19: The result is a narrow, cracking, saw cut, potholed pathway with unstable riverside cut banks that erode unpredictably and negatively impact water quality during storm events.

**Project Name: Expo Idaho Stable Removal-Water Protection**

Project Identification Number	32
Project Expenditure Category	5-Infrastructure

Project Expenditure Subcategory	5.9-Clean Water: Nonpoint source
Status To Completion	Not Started
Adopted Budget	\$550,000.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$550,000.00
Total Cumulative Expenditures	\$0.00
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
Project Description	No new construction is allowed in the floodway and the horse barn removal will decrease potential non-point sources of pollution and will create a new green space and erosion control area. The new grass green space will serve as a buffer for any runoff from the expo area and will stabilize the area for future extreme weather events.

**Project Name: Ada County Juvenile Services Outdoor Recreation Area**

Project Identification Number	1
Project Expenditure Category	1-Public Health
Project Expenditure Subcategory	1.7-Other COVID-19 Public Health Expenses (including Communications, Enforcement, Isolation/Quarantine)
Status To Completion	Not Started
Adopted Budget	\$1,187,561.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$1,187,561.00
Total Cumulative Expenditures	\$0.00
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
Project Description	Viral spread is significantly reduced in open-air settings and the addition to this facility would allow more activities to take place outside. The current spaces are small, have low ceilings, no green space and inadequate shade. Thus, they are not often used for open air recreation and programming. Further, there is little to no natural light in most of the facility and the indoor recreation facility has no natural light. Many of the youth we serve were negatively impacted by the pandemic and a reduction in recreation, so this facility would provide beneficial recreation opportunities as well as safer (open air) interactions with other youth and staff. The health benefits of exercise are well known and natural light boosts vitamin D absorption, improves concentration and academic performance, wards off seasonal depression and improves sleep. Viral spread is significantly reduced in open air settings and the addition of this facility would allow more activities to take place outside.
What is the Total expected capital expenditure, including	

pre-development costs, if applicable	\$1,187,561.00
Type of capital expenditures, based on the following enumerated uses	Rehabilitations, renovation, remediation, cleanup, or conversions

**Project Name: Ada County Groundwater Treatment - Hidden Hollow**

Project Identification Number	33
Project Expenditure Category	5-Infrastructure
Project Expenditure Subcategory	5.13-Drinking water: Source
Status To Completion	Not Started
Adopted Budget	\$1,622,306.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$1,622,306.00
Total Cumulative Expenditures	\$0.00
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
Project Description	<p>There is a small plume of contamination beneath the capped Hidden Hollow landfill cell. There is a current treatment system in place that has reached its maximum capacity. This has allowed us to meet all compliance milestones and pull the plume back to landfill property. The addition of a larger water treatment plant will allow us to retire the old system while also being able to filter emerging contaminants such as PFAS and PFOS which, while not currently regulated, are the emerging contaminants that we have been notified will soon be regulated. Currently, several states are already regulating PFAS in water systems. It is the goal of the landfill to already be performing this mitigation prior the official regulations going into effect. The water will be drawn for our existing well system, be treated, and then be reinjected into the groundwater for usage by downgradient residents. Although all of the homes that could have been affected by the plume are now on city water for drinking, the ground water is still being used for irrigation at these residences.</p>

**Project Name: Ada County Trial Court Counselor Premium Pay**

Project Identification Number	16
Project Expenditure Category	4-Premium Pay
Project Expenditure Subcategory	4.1-Public Sector Employees
Status To Completion	Completed less than 50%
Adopted Budget	\$71,754.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$71,754.00
Total Cumulative Expenditures	\$14,350.80

Current Period Obligations	\$14,350.80
Current Period Expenditures	\$14,350.80
Project Description	<p>Ada County Drug Courts provide evidenced based rehabilitative services recognized by the National Registry of Evidence-Based Program and Practices to offenders with medium to high criminogenic risk factors<sup>1</sup>. The program has 14 counselor staff, and a supervising clinician, positions. However, the staffing shortages and hiring problems resulting from the pandemic have impacted the response in our substance abuse clinic. As a result, the remaining counselors provide services to 225 drug court participants.</p> <p>The work of substance abuse counselors has also increased because drug use has been on the rise during and after the lockdowns caused by COVID 19. Indeed, the CDC estimates that “more than 100,000 Americans have died of drug overdoses during the 12 months following COVID-19 lockdowns” (Altucker, 2021,<sup>2</sup> USA TODAY).</p> <p>Retention of substance abuse counselors is also problematic because these professionals work with a population that is immunocompromised and as a result, they are at a higher risk of contracting COVID. Indeed, an informal study we conducted a few months ago, showed that 9 out of 10 defendants coming out of the jail were Covid positive. Because of that, staff was exposed and had to quarantine. Others got sick for long periods of time. Sadly, some continue to fight long-term effects from Covid.</p> <p>The pandemic and the current job market have made it impossible for us to compete with other clinics. We cannot fill open positions and are struggling to retain current employees. The situation is not sustainable, and we cannot afford to lose more staff.</p>
Sectors Designated as Essential Critical Infrastructure Sectors	Behavioral health work
Number of workers to be served	14
Premium Pay Narrative	All newly hired staff positions be provided \$1,000 upon hire, \$1,000 at 6-months, \$1,000 at 1-year and \$1,000 at 2-year mark. Retention bonuses will be provided to current staff at \$1,000 upon commencement of the program, \$1,000 at 6-months, \$1,000 at 1-year and \$1,000 at 2-year mark.
Number of workers to be served with premium pay in K-12 schools	0

**Project Name: Ada County Sheriff's Contract Nurse Services**

Project Identification Number	40
Project Expenditure Category	1-Public Health
Project Expenditure Subcategory	1.14-Other Public Health Services
Status To Completion	Completed less than 50%
Adopted Budget	\$1,213,056.00
Program Income Earned	\$0.00

Program Income Expended	\$0.00
Total Cumulative Obligations	\$1,213,056.00
Total Cumulative Expenditures	\$11,225.39
Current Period Obligations	\$11,225.39
Current Period Expenditures	\$11,225.39
Project Description	Contract with national nursing agency to fill jail nurse vacancies before a crisis and liability occur. Covid19 created a nursing shortage and Ada County does not have the competitive wages to attract new nurses to the program. Currently, half of nursing positions remain vacant.
What Impacted and/or Disproportionally Impacted population does this project primarily serve?	1 Imp General Public
Brief description of structure and objectives of assistance program(s), including public health or negative economic impact experienced	Contract agency is NCCHC accredited and provides competitive nurse rates and travel nursing contracts. They will provide contract nurses to cover vacancies and overtime during critical times.
Brief description of recipient's approach to ensuring that response is reasonable and proportional to a public health or negative economic impact of Covid-19	Ada County Human Resources has been unsuccessful in recruiting for 15 vacant nursing positions in the jail. This shortage has caused overtime burdens on existing nurses and left critical areas vacant at times. This contract puts the burden on the contacted agency which is well equipped to address critical nursing needs in less than time than hiring through Ada County.

### Project Name: Central District Health

Project Identification Number	001
Project Expenditure Category	1-Public Health
Project Expenditure Subcategory	1.14-Other Public Health Services
Status To Completion	Completed 50% or more
Adopted Budget	\$2,954,334.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$2,954,334.00
Total Cumulative Expenditures	\$1,949,867.00
Current Period Obligations	\$1,949,867.00
Current Period Expenditures	\$1,949,867.00
Project Description	Support CDH's COVID19 support, testing, education, and outreach efforts.
What Impacted and/or Disproportionally Impacted population does this project primarily serve?	1 Imp General Public
Brief description of structure and objectives of assistance program(s), including public health or negative economic impact experienced	Provide medical care, testing, contact tracing support, public health and surveillance, issuance of public health orders, public communication, and vaccination information.
Brief description of recipient's approach to ensuring that response is reasonable and proportional to a public health or negative economic impact of Covid-19	CDH is the main provider of pandemic related medical, testing and vaccination information. These resources are disseminated to the public in addition to providing direct medical support to members of the public.

**Project Name: Ada County Trial Court - Bailiffs**

Project Identification Number	15
Project Expenditure Category	1-Public Health
Project Expenditure Subcategory	1.9-COVID-19 Assistance to Non-Profits
Status To Completion	Completed less than 50%
Adopted Budget	\$495,042.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$495,042.00
Total Cumulative Expenditures	\$11,782.84
Current Period Obligations	\$11,782.84
Current Period Expenditures	\$11,782.84
Project Description	Due to backlog of court cases caused by the COVID19 shutdown, additional bailiffs are needed as sessions are being held simultaneously to get caught up on cases.
What Impacted and/or Disproportionally Impacted population does this project primarily serve?	1 Imp General Public
Brief description of structure and objectives of assistance program(s), including public health or negative economic impact experienced	Each jury trial requires two bailiffs at all times. There are dockets being held offsite and at the courthouse simultaneously to get caught up on cases. This is outside the regular practice of court proceedings and demonstrates a need for additional bailiffs.
Brief description of recipient's approach to ensuring that response is reasonable and proportional to a public health or negative economic impact of Covid-19	Court trials must be held in a timely fashion. COVID19 shutdown prioritized many criminal cases, however, several others as well as civil were pushed back for many months. Providing simultaneous scheduling of court cases helps to mitigate the delays, providing resolutions in court cases.
Number of Non-Profits served (by program if recipient establishes multiple separate non-profit assistance programs)	0

**Project Name: Ada County Coroner Pathologist**

Project Identification Number	12
Project Expenditure Category	1-Public Health
Project Expenditure Subcategory	1.9-COVID-19 Assistance to Non-Profits
Status To Completion	Completed less than 50%
Adopted Budget	\$240,000.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$240,000.00
Total Cumulative Expenditures	\$28,977.58
Current Period Obligations	\$28,977.58
Current Period Expenditures	\$28,977.58

Project Description	Hire additional Pathologist due to excessive growth and increase in cases due to the pandemic.
What Impacted and/or Disproportionally Impacted population does this project primarily serve?	1 Imp General Public
Brief description of structure and objectives of assistance program(s), including public health or negative economic impact experienced	Additional Pathologist will allow two Forensic Pathologists to conduct autopsies at one time shortening the time to completion, rotate doctors out of the morgue to complete case report work.
Brief description of recipient's approach to ensuring that response is reasonable and proportional to a public health or negative economic impact of Covid-19	Due to excessive growth in case loads processing times have increased. This mitigates new cases while providing adequate and efficient services to the families of the deceased.
Number of Non-Profits served (by program if recipient establishes multiple separate non-profit assistance programs)	0

**Project Name: Ada County EMS Covid Tests**

Project Identification Number	38
Project Expenditure Category	1-Public Health
Project Expenditure Subcategory	1.2-COVID-19 Testing
Status To Completion	Completed less than 50%
Adopted Budget	\$15,000.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$6,250.00
Total Cumulative Expenditures	\$6,250.00
Current Period Obligations	\$6,250.00
Current Period Expenditures	\$6,250.00
Project Description	Provide rapid test kits to County departments for employee testing.
What Impacted and/or Disproportionally Impacted population does this project primarily serve?	1 Imp General Public
Brief description of structure and objectives of assistance program(s), including public health or negative economic impact experienced	Backlogs in testing can cause disruption to county services. Testing kits would allow employees to test onsite reducing quarantine.
Brief description of recipient's approach to ensuring that response is reasonable and proportional to a public health or negative economic impact of Covid-19	This testing protocol would ensure reduced public exposure to COVID19. This allows continuity and less disruption to County government functions and services.

**Project Name: Ada County Operations PPE**

Project Identification Number	2
Project Expenditure Category	1-Public Health
Project Expenditure Subcategory	1.5-Personal Protective Equipment
Status To Completion	Completed less than 50%
Adopted Budget	\$100,000.00
Program Income Earned	\$0.00

Program Income Expended	\$0.00
Total Cumulative Obligations	\$100,000.00
Total Cumulative Expenditures	\$6,395.64
Current Period Obligations	\$6,395.64
Current Period Expenditures	\$6,395.64
Project Description	Provide personal protective equipment to County offices.
What Impacted and/or Disproportionally Impacted population does this project primarily serve?	1 Imp General Public
Brief description of structure and objectives of assistance program(s), including public health or negative economic impact experienced	Provide PPE including face masks, cleaning supplies, N95 masks, shields, disinfectant, Clorox wipes, and other sanitation equipment to keep county employees and the public protected from COVID19.
Brief description of recipient's approach to ensuring that response is reasonable and proportional to a public health or negative economic impact of Covid-19	This is in direct response to CDC recommendations for mitigating the spread of the COVID19 virus.

**Project Name: Ada County Development Services Premium Pay**

Project Identification Number	21
Project Expenditure Category	4-Premium Pay
Project Expenditure Subcategory	4.1-Public Sector Employees
Status To Completion	Completed 50% or more
Adopted Budget	\$9,950.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$4,974.96
Total Cumulative Expenditures	\$4,974.96
Current Period Obligations	\$4,974.96
Current Period Expenditures	\$4,974.96
Project Description	Premium pay for Development services employees who were required to work during COVID while other county employees were able to work from home. County employees were responsible for building inspections continuing their normal work at significant personal risk to themselves and their families.
Sectors Designated as Essential Critical Infrastructure Sectors	Other - Mandated to complete building inspections and other structural work.
Number of workers to be served	4
Premium Pay Narrative	Retroactive Pay (Retention/Incentive) \$1.00 per hour increase for 26 pay periods.
Number of workers to be served with premium pay in K-12 schools	0

**Project Name: Ada County Trial Court Clerks**

Project Identification Number	14
-------------------------------	----

Project Expenditure Category	1-Public Health
Project Expenditure Subcategory	1.9-COVID-19 Assistance to Non-Profits
Status To Completion	Completed less than 50%
Adopted Budget	\$101,647.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$101,647.00
Total Cumulative Expenditures	\$10,515.08
Current Period Obligations	\$9,797.54
Current Period Expenditures	\$9,797.54
Project Description	2 full time (temporary) administrative assistant positions to manage paperwork needs in court to comply with the September 22, 2021 Idaho Supreme Court Order
What Impacted and/or Disproportionally Impacted population does this project primarily serve?	1 Imp General Public
Brief description of structure and objectives of assistance program(s), including public health or negative economic impact experienced	To meet the Idaho Supreme Court order dated September 22, 2021.
Brief description of recipient's approach to ensuring that response is reasonable and proportional to a public health or negative economic impact of Covid-19	Response to COVID19: "all court proceedings shall be held remotely, i.e., with all participants utilizing remote technologies including teleconferencing and video conferencing." Remote hearings are necessary to reduce exposure to COVID-19, and to protect public health during this pandemic.
Number of government FTEs responding to COVID-19 supported under this authority	2
Number of Non-Profits served (by program if recipient establishes multiple separate non-profit assistance programs)	0

### Project Name: Ada County Indigent Services

Project Identification Number	002
Project Expenditure Category	1-Public Health
Project Expenditure Subcategory	1.14-Other Public Health Services
Status To Completion	Completed 50% or more
Adopted Budget	\$1,500,000.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$1,500,000.00
Total Cumulative Expenditures	\$825,407.41
Current Period Obligations	\$543,947.94
Current Period Expenditures	\$543,947.94
Project Description	Specific funding for indigent services to address medical and mental health needs not generally covered under indigent services specific to the COVID19 pandemic.

What Impacted and/or Disproportionally Impacted population does this project primarily serve?	1 Imp General Public
Brief description of structure and objectives of assistance program(s), including public health or negative economic impact experienced	Provide emergency medical and nonmedical assistance and mental health treatment to the indigent population, including payment of medical and mental health services. This intervention is meant to reduce public health risk.
Brief description of recipient's approach to ensuring that response is reasonable and proportional to a public health or negative economic impact of Covid-19	Respond to indigent population need for emergency medical and nonmedical assistance addressing the effects of the COVID emergency including mental health treatment, which have been exacerbated by the pandemic.

**Project Name: Ada County Sheriff's Office Health Unit Premium Pay**

Project Identification Number	27
Project Expenditure Category	4-Premium Pay
Project Expenditure Subcategory	4.1-Public Sector Employees
Status To Completion	Completed less than 50%
Adopted Budget	\$202,274.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$202,274.00
Total Cumulative Expenditures	\$23,650.05
Current Period Obligations	\$1,195.90
Current Period Expenditures	\$1,195.90
Project Description	Ada County has identified significant threats to the County's ability to respond to the unprecedented impacts of COVID19 and the resulting ability to protect both staff and the community we serve. The Board of Commissioners of Ada County has identified three categories of workers who are needed to maintain continuity of operations of essential critical infrastructure sectors to protect the health and well-being of the residents of Ada County. These categories include the Ada County Coroner, Sheriff, and Paramedics.
Sectors Designated as Essential Critical Infrastructure Sectors	The Ada County Commissioners has identify the Ada County Sheriff's Office Health Services Unit as essential works and are critically impacted by COVID19 response in this 24/7 health care facility inside the Ada County jail.
Number of workers to be served	33
Premium Pay Narrative	To acknowledge the work the Heath Unit provides, the following premium pay schedule has been approved: an initial \$1,000, \$1500 at 6 months, another \$1500 the next six months and \$1000 at the final 6 month period.
Number of workers to be served with premium pay in K-12 schools	0

**Project Name: Ada County Emergency Medical Service Premium Pay**

Project Identification Number	26
Project Expenditure Category	4-Premium Pay

Project Expenditure Subcategory	4.1-Public Sector Employees
Status To Completion	Completed less than 50%
Adopted Budget	\$1,288,306.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$1,288,306.00
Total Cumulative Expenditures	\$453,198.20
Current Period Obligations	\$355,314.20
Current Period Expenditures	\$355,314.20
Project Description	Emergency Medical Services EMTs, AEMTs, Paramedics, FTOs, Field Captain, and Battalion Chiefs are critically impacted by the workload created by the COVID19 pandemic. Providing coverage 24/7 is increasingly difficult because of the high call volume as a result of COVID19. Providing premium pay similar to those offered by local health care service providers and the state of Idaho is necessary to maintain staffing levels to meet demand. Premium pay will be offered for field staff to pick up overtime shifts to fill staffing vacancies and be available to ensure necessary ambulance services to respond to the increased demand.
Sectors Designated as Essential Critical Infrastructure Sectors	Ada County has identified significant threats to the County's ability to respond to the unprecedented impacts of COVID19 and the resulting ability to protect both staff and the community we serve. The Board of Commissioners of Ada County has identified three categories of workers who are needed to maintain continuity of operations of essential critical infrastructure sectors to protect the health and well-being of the residents of Ada County. These categories include the Ada County Coroner, Sheriff, and Paramedics.
Number of workers to be served	130
Premium Pay Narrative	Employees who sign up for OT shifts will be offered \$1,000 for picking up the minimum required shifts per six-week period. Upon successful completion of all OT shifts the employee signed up for, employee will be allocated an additional \$1,000. A minimum of 72 hours in each 6-week period must be completed to be eligible for the OT pay. Such payments will occur on a recurring basis. This incentive pay program will run for 6 months and then be revisited. The Board of County Commissioners retains the authority to end this program at any time.
Number of workers to be served with premium pay in K-12 schools	0

**Project Name: Ada County Coroner's Office Premium Pay**

Project Identification Number	25
Project Expenditure Category	4-Premium Pay
Project Expenditure Subcategory	4.1-Public Sector Employees
Status To Completion	Completed less than 50%
Adopted Budget	\$288,670.00

Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$288,670.00
Total Cumulative Expenditures	\$74,595.05
Current Period Obligations	\$64,555.99
Current Period Expenditures	\$64,559.99
Project Description	Ada County Coroner's Office staff are directly impacted by the increase in workload resulting from COVID19 and are severely hampered in providing services during this unprecedented increase in caseload. In order to recognize the risk that the Coroner's staff are faced with during this pandemic, premium pay will be paid in 4 lump sum amounts six months apart which is calculated at 10% of the employee's base pay.
Sectors Designated as Essential Critical Infrastructure Sectors	The Board of Commissioners of Ada County has identified three categories of workers who are needed to maintain continuity of operations of essential critical infrastructure sectors to protect the health and well-being of the residents of Ada County. These categories include the Ada County Coroner, Sheriff, and Paramedics.
Number of workers to be served	31
Premium Pay Narrative	Ada County has identified significant threats to the County's ability to respond to the unprecedented impacts of COVID19 and the resulting ability to protect both staff and the community served. The Board of Commissioners has identified Ada County Coroner's staff as essential works due to being directly impacted by COVID19 and are severely hampered in providing services during this unprecedented increase in caseload. In order to recognize the risk that the Coroner's staff are faced with during this pandemic, premium pay will be paid in 4 lump sum amounts six months apart which is calculated at 10% of the employee's base pay. Employees will be required to have worked the entire previous pay period or be on an approved leave to receive the premium pay.
Number of workers to be served with premium pay in K-12 schools	0

**Project Name: Ada County Juvenile Services Premium Pay**

Project Identification Number	23
Project Expenditure Category	4-Premium Pay
Project Expenditure Subcategory	4.1-Public Sector Employees
Status To Completion	Completed less than 50%
Adopted Budget	\$360,415.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$360,415.00
Total Cumulative Expenditures	\$77,589.15

Current Period Obligations	(\$2,513.10)
Current Period Expenditures	(\$2,513.10)
Project Description	Ada County has recognized significant threats to the County's ability to respond to the unprecedented impacts of COVID19 and the resulting ability to protect both staff and the community we serve. The Board of Commissioners of Ada County has identified that detention facility officers, shift supervisors, and medical assistants at the Juvenile Services Detention Facility are essential staff needed to maintain continuity of operations of critical infrastructure sectors to protect the health, safety and well-being of the residents of Ada County. Staff will receive 4 lump sum payments of \$1,500 every six-months.
Sectors Designated as Essential Critical Infrastructure Sectors	The Board of Commissioners of Ada County has identified that detention facility officers, shift supervisors, and medical assistants at the Juvenile Services Detention Facility are essential staff needed to maintain continuity of operations of critical infrastructure sectors to protect the health, safety and well-being of the residents of Ada County.
Number of workers to be served	49
Premium Pay Narrative	Detention Officers and Detention Medical Assistants have been responsible for the security and care of detention residents throughout the pandemic. Detention staff have conducted all job duties on-site while having contact with youth both exposed to COVID and/or sick with COVID. Detention staff intake and assess all youth surrendered to the detention facility and are responsible for handling medical issues and protocols, including COVID-related testing and treatment. Staff will receive 4 lump sum payments of \$1,500 every six-months.
Number of workers to be served with premium pay in K-12 schools	0

Place of Performance Zip+4	
Description	Current pedestrian and bicycle forest loop “pathway” contains two bridges for crossing a seasonal side channel of the Boise River but the bridges do not contain any safety railings nor ADA compatible decking and are beyond repair/refurbishment. The entire loop and associated features are currently a safety concern for the hundreds of thousands of annual visitors to Barber Park. The COVID-19 pandemic created a significant increase to park visitation given that outdoor public recreation and park areas have become refuges for those seeking safer havens for emotional and physical health activities free from indoor virus spreading venues.
Subrecipient	Ada County Parks & Waterways
Period of Performance Start	1/18/2022
Period of Performance End	12/31/2024
Primary Sector	Other
Purpose of Funds	Repair current pedestrian and bicycle pathway and bring to ADA standards.

Description	Ada County is statutorily obligated to provide emergency medical assistance and nonmedical indigent assistance to its eligible residents. COVID-19 has resulted in harmful consequences for those with lower paying service jobs, who do not have insurance. COVID impacts have increased the need for indigent assistance, as those without medical insurance are often front-line workers and were at greater risk of COVID exposure. In addition, they bore the brunt of unemployment when businesses closed down, had resulting housing instability and the lack of financial resources to address medical needs. The County is the entity that provides payment for the needed medical assistance as well as for other needs.
Subrecipient	Ada County Indigent Services
Period of Performance Start	10/12/2021
Period of Performance End	12/31/2024
