# **Executive Summary**

Ada County's tentative budget for FY24 for all funds is \$374.1 million and reflects a balanced budget, as required by Idaho State law. The county's budget is broken down between those funds that are property tax supported: Current Expense, also known as the General Fund, \$256.2 million, special levy funds \$33.4 million and special taxing districts \$30.6 million; along with those funds that are self-supported: special revenue funds \$16.4 million, and business-type funds \$37.5 million. These funds are described in further detail later in this document.

The departments within the General Fund receive revenue collected from sales tax, revenue sharing from the State of Idaho, liquor sales and interest all referred to as 'shared revenue'. Other revenue streams that balance the budget are charge for service fees, intragovernmental and rents along with the use of fund balance or savings. Fund balance used to support the General Fund is \$25.2 million; \$701 thousand is also used to support the special levy funds, \$5 million for special taxing districts, \$3.8 million for special revenue funds, and \$2.2 million for business-type funds.

Most services county government provide are required by State law and have either a set fee schedule (i.e., recording fees, building and plan check fees and court fines and fees) that can't be changed, or the services provided can't be charged for (i.e., accounting, auditing, appraisal, treasury functions and prosecutorial services). Property taxes are therefore one of the largest sources of revenue for Ada County. State law does limit the amount of property tax that can be levied in any given year. Property taxes can be increased by 3% of the highest last three years levied plus the amount from the new construction roll, which is

calculated by taking the prior year base plus any of the 3% base increase allowed (if applicable), dividing that by the current year taxable value plus the prior year joint operating value and multiplying that by the new construction roll value. Any property tax calculated by these formulas that is not levied may be 'banked' for future use and is considered forgone. When forgone is used or levied, a public hearing must be held and an advertisement of such must be published. A resolution detailing the amount of forgone being contemplated and its specific use is then adopted at a separate public hearing. Ada County did not take any forgone, rather we chose to levy 2.3% of the allowable 3% increase equating to \$1.03 million not levied. Via the public hearing adopting this budget the County also adopted an additional resolution reserving this forgone amount for use in subsequent budget years.

This budget document is laid out by fund type; however, we've also provided information related to program type. Ada County has seven program types: general government, judicial services, health and welfare, culture and education, public safety, recreation, and sanitation. You can find more information related to these programs on page 10.

### **GENERAL FUND**

The General Fund budget for FY24 is \$256.2 million, an increase of \$21.3 million or 9.1%. This is due to an increase in personnel costs of \$16.5 million, due to 10 new employees, a \$1 per hour COLA + 3% merit, and an increase in operating/capital expenditures of \$4.8 million. These increases are offset by an increase in charge for service and shared revenues along with an

increase in property tax related to the new construction roll and the use of fund balance. The General Fund contains the budget for the elected offices of the Commissioners, Clerk, Sheriff, Treasurer, Assessor, Prosecutor and Coroner; along with the following departments that are under the purview of the commissioners: Juvenile, Operations, Information Technology, Development Services, Public Defender, Human Resources and Procurement. More information can be found on pages 9, 10, 13, 14 and 18-42.

### SPECIAL LEVY FUNDS

Special Levy Funds are those funds that are authorized by Idaho Code to collect property tax under a special levy, separate from Current Expense; however, they share in the distribution of the authorized 3% increase discussed above. These funds include Public Health, Weed Control, Parks, Appraisal and Land Records, Veterans Memorial and District Court (Clerk and Trial Court Administration). Special Levy Funds for FY24 is \$33.4 million, an increase of \$1.9 million. This is due to an increase in personnel costs as mentioned earlier. You can find more information on these funds on pages 9, 10, 15 and 43-50.

### SPECIAL TAXING DISTICTS

Special taxing districts are those districts that have their own levy and are allowed by law to increase their property taxes by 3% and use the new construction roll. Emergency Medical Services, Pest Extermination, and Mosquito Abatement are all special taxing districts within Ada County that make up \$30.6 million of the budget, with \$15 million in departmental revenue, \$10.6 million in property tax and \$5 million of fund balance. More information can be found on them on pages 9, 10, 17 and 57-59.

# SELF SUPPORTED SPECIAL REVENUE FUNDS

Self-supported special revenue funds are exactly that, they each have specific revenue sources that are legally restricted to expenditures for specific purposes per Idaho Code. These funds in Ada County are Drug Court/Mental Health, Emergency Communications, Waterways, Court Monitoring, Emergency Management and Consolidated Elections. Collectively they make up \$16.4 million of the budget, with \$12.6 million in revenues and \$3.8 million in fund balance. More information on these funds can be found on pages 9, 10, 16 and 51-56.

### SELF SUPPORTED BUSINESS-TYPE FUNDS

Better known as enterprise or proprietary funds, these funds provide goods and/or services to the general public and finance their operations mainly through user fees or charges. Ada County's business-type funds are Billing Services, Expo Idaho and Solid Waste Management and make up \$37.5 million of the FY24 budget. More information on these funds can be found on pages 9, 10, 17 and 60-63.

### **CAPITAL INVESTMENT PLAN**

Ada County's Capital Investment Plan (CIP) began in fiscal year 2015. Funds for the projects approved for CIP are budgeted in the General Fund and moved to a capital project fund once the new fiscal year has begun. For more information related to the CIP projects funded and submitted this fiscal year please see Capital Investment Plan FY2024-2028 attached after the budget documents.

### **Financial Policies**

Ada County has adopted several practices and policies related to our finances, based on best practices. These practices and policies are reviewed during the budget process and when preparing the County's fiscal year-end audit. Below are the practices and policies used during this budget process:

### FUND BALANCE ANALYSIS

At the beginning of every budget cycle, the Auditor's Office, as the Budget Office, reviews the fund balance that has accumulated in each fund over the past year for two purposes: 1) to estimate the amount of 'available surplus' that could be used to support the budget and 2) to evaluate whether or not property taxes (for those that are property tax supported) can be shifted to another fund, rather than just increasing property taxes. When property tax is shifted off, fund balance is used in its place to balance the budget allowing for fund balance to be gradually reduced to an appropriate level. During the fund balance analysis, current cash along with estimates of cash at the end of the current fiscal year are considered as well as reservations for staying on a 'cash basis' and 'minimum fund balance' both described below.

### **CASH BASIS**

Current property tax collections are not available until the fourth month of the fiscal year; therefore, fund balance must provide for cash flow during the first quarter of the fiscal year to alleviate the timing difference between receipt of revenue and disbursement of expenditures. An estimate of the cash basis requirement is prepared annually in conjunction with the budget process.

"Cash basis" requirement is calculated by taking the first quarter of the current year expenditures plus a factor (factor represents increased costs for the subsequent year) less the first quarter of the current year revenue with possibly a factor depicting current economic trends. A positive amount indicates there are more expenditures than revenue

and is considered to be the amount needed to stay on a "cash basis". This amount will be set aside when calculating the estimated 'available' surplus for the budget. A negative amount indicates there is enough revenue collected during the first quarter to cover the first quarter expenditures; most likely for some self-supported funds. In this case, there would be no need to set aside any fund balance when calculating the estimated 'available' surplus.

# MINIMUM FUND BALANCE AKA BUDGET STABILIZATION RESERVE

It is important to establish minimum levels of fund balance ('budget stabilizations' reserves) also known as rainy day funds since fund balance is often used during the budget process. Setting aside fund balance to mitigate current and future risks, to ensure stable tax rates, to address long-term financial planning, to preserve bond ratings and to protect against reducing services levels or raising taxes and fees because of temporary revenue shortfalls or unexpected one-time occurrences take precedence over using it for the budget.

The County maintains a prudent level of financial resources to protect against all of the above. The ranges set for each fund are based on the predictability of revenues, volatility of expenditures and liquidity requirements of each fund and is reviewed periodically. The range set for all County funds, except the General Fund, is to be maintained at a level between 10 to 15 percent of actual annual operating revenues.

In conjunction with the fiscal yearend audit, the amount of minimum fund balance is calculated based on operating revenues of all the funds except the General Fund. Operating revenues are those actual revenues reported in the County's audited Annual Comprehensive Financial Report (ACFR) in the fund 'Statement of Revenues, Expenditures, and Changes in Fund Balance /Net Assets', which

includes property tax and excludes transfer to and/or from other funds.

The General Fund's minimum fund balance is set based on risk. In conjunction with the annual budget process, the County will review the amount for the General Fund by reviewing the risk impact on:

- property tax and charge for service revenue
- the likelihood of extreme events and the recovery from them
- fund balances of our self-insurance funds and other funds
- state shared revenues
- investment variances
- general uncertainty

# **Budget Process**

The County budgets its revenues and expenditures as required by Idaho Code Section 31, Chapter 16. Following these guidelines, the County adopts annual appropriated budgets for General, Special Revenue and Enterprise Funds. All appropriated budgets are adopted on a non-GAAP cash basis. The following is a summary of the budgetary process for the County:

Prior to the third Monday in May, each elected official or department head submits to the Auditor's Office a proposed operating budget for the fiscal year commencing October 1. The operating budget includes proposed expenditures by department categorized by personnel services and other charges and services (including capital outlay) and the means of financing them. The Auditor's office assures the budgets are balanced. Budget hearings give the County departments an opportunity to present their proposed budgets to the County Commissioners and the public at large.

On or before the first Monday in August, the proposed budget is submitted to the County Commissioners for review and tentative approval. When the tentative budget has been approved it must be published in the newspaper. A public budget hearing is conducted by the County on or before the Tuesday after Labor Day to obtain taxpayer comments, and upon conclusion of the hearing, the County Commissioners legally adopt the final budget by a resolution in the official minutes of the board.

In no event shall the final budget be greater than the amount of the advertised tentative budget. Per Idaho Code Section 31, the actual expenditures for the ensuing fiscal year shall not exceed the appropriations legally adopted by the Commissioners. The County's policy is that

amounts may not be transferred between personnel services and other charges and services (including capital outlay); also amounts may not be transferred between departments or funds.

Ada County may increase the total appropriations budget during the current year as grants are subsequently awarded by federal or state agencies, for donations, for carrying forward incomplete capital project balances and for receipt of unscheduled and/or unanticipated revenue, provided there is no increase in anticipated property taxes. The appropriations budget may only be increased by the amount of actual revenues received or carried forward in the case of major capital construction projects. Such budget revisions must be advertised, discussed in a public hearing, and adopted by a resolution from the Board of County Commissioners.

The County employs budgetary integration as a management control device during the year for all funds. All appropriations, other than those for capital improvements not yet completed, lapse at the end of the fiscal year and become null and void. Lawful claims presented thereafter against any subsequent appropriation will be paid for in the ensuing budget.

Encumbrance accounting, the recording of purchase orders, contracts, and other commitments for the expenditure of monies to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in all funds. All encumbrances are canceled when appropriations lapse.

### **OVERVIEW**

The Ada County Capital Investment Program (CIP) is prepared each year to promote good stewardship of the funding entrusted to the Offices, Departments and Enterprises that make up Ada County Government. Developing the CIP enables coordinated planning, prioritization, and selection of the capital projects and operational expenses that will be undertaken annually and receive funding. The CIP also provides an opportunity to communicate capital and operational needs that have been funded from enterprise funds and are vital to the operation of County Government.

For Fiscal Year 2024, the annual budget process took place starting the week of Monday, June 12, 2023. Elected Officials and Department Heads presented their budget requests to the Ada County Board of County Commissioners (BoCC) who then deliberated the FY24 tentative budget which will be presented to the public later this summer. This document describes the projects reviewed and considered under the FY24 CIP process by the Transformation Board (TB). In response to the FY24 CIP Call for Projects, Development Services received four (4) new CIP Project Proposals and five (5) new Extraordinary Operational Expense proposals. These requests involve both General Fund and Non-General Fund allocations; therefore, this report is divided into two sections, which are further divided into two categories of requests:

- 1. 4 CIP Project Proposals
  - 4 General Fund Projects
  - No new Non-General Fund Projects
- 2. 5 Extraordinary Operational Expense Requests
  - 4 General Fund Projects
  - o 1 Non-General Fund Projects

A table at the beginning of each section identifies the complete list of the individual projects that are in the respective section and is followed by brief descriptions of the individual projects.

### FY23 CIP PROJECTS - COMMITTED AND REVIEWED

The following section provides the status of the FY23 CIP General Fund projects.

### **FY23 Committed Projects - COMPLETED**

The following three (3) projects are expected to be completed in this fiscal year unless otherwise noted. These projects were prioritized by the TB and allocated appropriation from the General Funds in previous fiscal years.

- 1. PSB Homicide Evidence Storage Expansion: ACSO
- 2. PSB Security Barriers Project: ACSO Project Cancelled
- 3. HR/Procurement Wall: HR/Procurement

# **SECTION 1: FY24 CIP CAPTIAL PROJECTS**

In response to the FY24 Call for Proposals, Development Services received a total of four (4) requests for capital projects. Of the four (4), all projects have requested allocations from the County's general fund and none have requested allocations from County's enterprise funds in FY24. The following table summarizes these requests and the following sections discuss each of these requests in further detail.

## **FY24 Capital Projects - Prioritized**

The TB prioritized the following four (4) FY24 capital projects in the order shown below; all of which have requested allocations from the County's General Fund.

### **Courthouse Fire Alarm System Upgrade**

**DEPARTMENT/OFFICE: Operations** 

PROJECT OWNER: Mike Work FUNDING STATUS: Committed

TB PRIORITY: 1

CIP APPLICATION YEAR: FY24

PROJECT DESCRIPTION: The Operations Department is requesting funding to upgrade the Fire Alarm System at the Courthouse. The existing system does not meet current fire code requirements, and is beyond useful life and is beginning to show signs of failure. This project will include Fire Alarm design, replacing the fire alarm panels, replacing existing devices and adding additional devices where required by code. Labor, programming, and testing of the system will be included.

### **Courthouse Elevator Modernization**

**DEPARTMENT/OFFICE: Operations** 

PROJECT OWNER: Mike Work **FUNDING STATUS: Committed** 

TB PRIORITY: 2

CIP APPLICATION YEAR: FY24

PROJECT DESCRIPTION: The Operations Department is requesting \$2,900,000 to modernize the elevator equipment (7 elevators total) within the Courthouse. Scope includes replacement of the lift machinery, controllers and door operators. Current equipment is obsolete, beginning to fail and replacement parts are hard to find. Modernizing the equipment will reset the useful life span of the elevators for another 20 years and lowers operating costs.

### ACSO CSB (Court Services Bureau) Window Replacement

DEPARTMENT/OFFICE: ACSO PROJECT OWNER: Jared Watson **FUNDING STATUS: Committed** 

TB PRIORITY: 3

CIP APPLICATION YEAR: FY24

PROJECT DESCRIPTION: The Ada County Sheriff's Office is requesting funding from the General Fund to replace the simple glass windows in both the Civil and Day Reporting areas with a robust, ballistic glass designed to resist penetration of an expended firearm round. Each area will also be fitted with special ballistic panels in the walls, designed to resist penetration of an expended firearm round. The Records area and the Property and Evidence area have windows which have already been upgraded with ballistic glass as part of the Sheriff's Office plan to increase site and building security; this project is part of that plan.

# Clerk's Comprehensive Lobby Remodel

DEPARTMENT/OFFICE: Clerk PROJECT OWNER: Trent Tripple **FUNDING STATUS: Committed** 

TB PRIORITY: 4

CIP APPLICATION YEAR: FY24

PROJECT DESCRIPTION: The Clerk's Office is requesting funding from the General Fund to complete a comprehensive lobby remodel. While remodeling the public facing side of the counters is not in scope, this remodel will include removing all the counter/desk space behind the counters and replacing it with something that will create a more functional space for the staff to provide a more approachable public service experience. It will unify the counter space between the Civil and Criminal Counters, remodel the Court Assistance Office, create an area for Passport Clerks and create a large training room approximately 1,368 SF in size. The existing conference room is approximately 600 SF in size and seats 35 people; because of the Clerk's growing staff this conference room does not allow for entire teams to meet in unison. This project will provide the extra space that the Clerk needs for his growing staff and increasing business needs.

# **SECTION 2:** FY24 CIP EXTRAORDINARY OPERATIONAL EXPENSES

In response to the FY24 Call for Proposals, Development Services received a total of five (5) new requests for Extraordinary Operational Expense projects. Of the five (5), four (4) have requested allocations from the County's general fund and the remaining project has requested allocations from non-general funds in FY24. The following table summarizes these requests and the following sections discuss each of these requests in further detail.

# **Ada County Capital Investment Program FY24-28**

# FY24 Extraordinary Operational Expenses - Prioritized

The TB prioritized the following four (4) FY24 extraordinary operational expense projects in the order shown below, all of which have requested allocations from the County's General Fund.

### Clerk's Election Carts

DEPARTMENT/OFFICE: Clerk's Office PROJECT OWNER: Trent Tripple

FUNDING STATUS: Committed

TB PRIORITY: 1

CIP APPLICATION YEAR: FY24

PROJECT DESCRIPTION: The Ada County Clerk's Office is requesting funding to contract with a local metal fabrication company to build 200 secure, lockable, metal rolling carts. This project will allow the Elections Office to load all election equipment into a single cart per polling location. The cart will then be locked and sealed with the seal number recorded. This includes all sensitive materials such as scanning equipment and ballots. In order to have the most secure and accurate process, Ada County Elections seeks to eliminate sorting and storage errors while increasing the security of critical election equipment such as scanners and ballots.

# **ACSO Portable Radio Replacement**

DEPARTMENT/OFFICE: ACSO

PROJECT OWNER: Stephanie Johnson

FUNDING STATUS: Committed

TB PRIORITY: 2

CIP APPLICATION YEAR: FY24

PROJECT DESCRIPTION: The Sheriff's Office is requesting funding from the General Fund to acquire 120 Motorola model APX6000 portable radios to replace the 102 old model XTX2500 radios currently in use. The Motorola model XTS2500 is far beyond end of life; final product support ended December 31, 2019. It has not been possible to order parts, nor obtain software updates for these radios in over three years. No other portable radios

will match the capabilities of the Motorola 700Mhz digital, trunked radio system that the county utilizes with our partnering jurisdictions; failure to purchase the APX model radios will result in lost capability and therefore reduce interoperable communications.

### ACSO Jail Inmate Tracking System

DEPARTMENT/OFFICE: ACSO

PROJECT OWNER: Lt. Joseph DeRosier

**FUNDING STATUS: Committed** 

TB PRIORITY: 3

CIP APPLICATION YEAR: FY24

PROJECT DESCRIPTION: The Ada County Sheriff's Office is requesting funding to purchase a handheld mobile system to track inmates which will include tracking of security checks, out-of-cell periods or movement, cell checks, head count, meals and supplies that are distributed to the inmate populations. This project seeks to more efficiently and more completely record those inmate events so that Ada County has complete records for defense against lawsuits and complaints.

### Clerk Recorder's Software

DEPARTMENT/OFFICE: Clerk's Office PROJECT OWNER: Heather Luther **FUNDING STATUS: Committed** 

TB PRIORITY: 4

CIP APPLICATION YEAR: FY24

PROJECT DESCRIPTION: The Clerk's Office is requesting funding to replace their current recording system, Helion, with another provider's software. Helion is a small company without an off-the-shelf product. At this time the County's needs have expanded beyond the current scope of what Helion is able to provide. If the Clerk's Office continues to utilize Helion as the county's recording software, they would most likely need to hire additional staff to keep up with increasing recording volume due to county growth.

# **Ada County Capital Investment Program**

FY24-28

### FY24 CIP Extraordinary Operational Expenses - Non-General Fund

The remaining FY24 Extraordinary Operational Expense proposal has requested allocations from the County's Emergency Communication Fund; therefore, this proposal was not prioritized by the TB.

## **ECF Station Alerting Dispatch Text to Voice**

DEPARTMENT/OFFICE: ACSO

PROJECT OWNER: Stephanie Johnson

**FUNDING STATUS: Committed** 

TB PRIORITY: N/A

CIP APPLICATION YEAR: FY24

PROJECT DESCRIPTION: The Emergency Communications Bureau is requesting funding to be appropriated from the Emergency Communication Fund to add a Motorola Solutions CAD Operator Interface to the Backup Emergency Communication Center (ECC) at Barrister. This interface position is responsible for initiating a radio Call Alert to Fire and EMS stations when emergency calls are dispatched. Currently, there is only one interface position located at the Pine ECC with no backup if the system goes down. This addition will provide complete redundancy for the Station Alerting currently used by Fire and EMS for emergency response notifications.
