RE: FOURTH DISTRICT JURY TRIALS

ADMINISTRATIVE ORDER

NO. 21-05-28

The Idaho Supreme Court's May 20, 2021 Amended Order Re: Emergency Order Regarding Court Services provides:

Jury proceedings, including jury trials and grand jury proceedings, may commence anytime during a calendar week unless the Administrative District Judge has determined that the county in which the prospective juror has been summoned to attend court has a seven-day moving average incidence rate of confirmed or presumed cases of COVID-19 of 25.0 or greater per 100,000 population as reflected on the Cases by County page of the Idaho Department of Health and Welfare's COVID-19 Data Dashboard available at [www.coronavirus.idaho.gov](http://www.coronavirus.idaho.gov)[.]<sup>1</sup>

The Administrative District Judge's determination described in this paragraph shall be based on the weekly COVID-19 incident rates for that county published ten (10) days prior to the calendar week in which the jury trial is scheduled to occur. *Id.* at ¶ 10.

This order utilizes the data issued at the end of business on Thursday, May 27, 2021, when the daily state and county COVID-19 case numbers were released on-line by the Idaho Department of Health and Welfare, for each of the counties in this district, as noted hereinafter.

---

<sup>1</sup>“Once a trial has commenced, it should continue to verdict unless, in the discretion of the assigned judge, a significant increase in the weekly COVID-19 incidence rate or other local COVID-19 incident or public health action justifies a temporary suspension of the trial. Any order in this regard must be supported with written findings.” Idaho Supreme Court's May 20, 2021 Amended Order Re: Emergency Order Regarding Court Services, at ¶ 10.
