

Project Profile

ADA COUNTY COURTHOUSE J2 SECURITY UPGRADE

OVERVIEW

Upgrading the security system at the Ada County Jail and installing a new control system at the Ada County Courthouse J2 location (comprised of the 4th floor Marshal's Office and Basement Detention Area with Officer Station). Scope of project includes installing new touchscreen control stations at the two locations, each with a new Harding master station and flush microphones. At the J2 location, the existing touchscreen and controls system will be replaced by a new Syntinel system.
