

Project Profile

Solid Waste Grading & Paving Project

OVERVIEW

The project includes re-grading the existing gravel parking area and drive isles around the building and installing asphalt pavement and striping. ECI's Scope of Work is limited to onsite work; all offsite civil engineering design work that is not specifically noted within the proposal will be designed by others or under a supplemental Scope of Work.

HIGHLIGHTS

Location: Ada County Landfill
Architect: Erickson Civil Engineering
General Contractor: Compliance Solutions & Contracting
Completion: Summer 2024
Project Budget: \$750,000
